Lesson 1

THE STAFF

Music is written on a staff. A staff consists of five lines equally spaced.

This is a staff

The distance between any two lines of the staff is called a space. There are four spaces in a staff.

<table>
<thead>
<tr>
<th>Lines and spaces are numbered</th>

In numbering the lines and spaces, always begin with the lowest line or space and count up.

Lesson 2
THE CLEF SIGNS

At the beginning of every staff you will find a clef sign which gives a letter name to a definite line or space.

This is a TREBLE, or G clef sign.

The treble, or G clef sign, gives the letter name G to the second line of the staff.

This is a BASS, or F clef sign.

The bass, or F clef sign, gives the letter name F to the fourth line of the staff.

In this Music Theory book we will use both the treble, or G clef sign, and the bass, or F clef sign.

STUDENT ASSIGNMENT

1. Draw four treble (or G) clef signs here.

2. Draw four bass (or F) clef signs here.

3. The treble (or G) clef sign circles staff line number?

4. What is the letter name of line two in the treble clef?

5. In the bass (or F) clef sign, what staff line lies between the two dots?

6. What is the letter name of line four in the bass clef?

MEMORIZE: The treble, or G, clef names the second line of the staff - G. The bass, or F, clef names the fourth line of the staff - F.
Lesson 3

LINE and SPACE NAMES

Each line and space of a staff has a letter name in relation to its clef sign.

The first seven letters of the alphabet are used in naming the lines and spaces of both clefs,

A - B - C - D - E - F - G.

The names of the four spaces in the treble clef spell FACE.

نت های بین پنج خط حامل

In the bass clef they spell A C E G.

نت های روی پنج خط حامل

You can remember the names of the five lines in the treble clef by "Every Good Boy Does Fine".

In the bass clef remember "Good Boys Do Fine Always".

STUDENT ASSIGNMENT

1. How many letters of the alphabet are used in naming the lines and spaces of a staff?

2. Write the letter names of the spaces in the treble clef.

3. Write the letter names of the lines in the bass clef.

4. Write the letter names of the lines in the treble clef.

5. Write the letter names of the spaces in the bass clef.

6. Write the letter names of all the lines and spaces from line one to line five on both clefs.

Lesson 5
WHOLE - HALF - QUARTER NOTES

A whole note ( \( \bullet \) ) can be changed into other kinds of notes. Add a stem to the whole note and it becomes a half note ( \( \frac{1}{2} \) ). Fill in the whole note and add a stem and it becomes a quarter note ( \( \frac{1}{4} \)).

In either clef, stems go up for all notes below the third line and stems go down for all notes on the third line or above.

Stems going up are attached to the right side of all notes \( \frac{1}{2} \) and stems going down are attached to the left side of all notes. \( \frac{1}{4} \)

STUDENT ASSIGNMENT

Lesson 7

The Measure

Music is divided into measures by using bar lines.

These are bar lines.

The distance between any two bar lines is called a measure.

These are measures.

When any part of the music is completed, we use a double bar.

This is a double bar indicating the end.

Student Assignment

اطلاع به سوالات زیر پاسخ دهد:

1. How many bar lines are there in the staff above?

2. How many measures are there in the staff above?

3. Draw the treble clef sign on the staff below and divide it into four equal measures. Place a double bar at the end.

4. Below: Draw a treble clef sign – divide the staff into eight measures. Place a double bar at the end – place one whole note in each measure.

5. Below: Draw a bass clef sign – divide the staff into eight measures. Place a double bar at the end – place two half notes in each measure.

Memorize: The distance between two bar lines is called a measure.

TIME SIGNATURES

At the beginning of every piece of music there is a time signature. It is made up of two numbers placed one above the other like this:

\[
\begin{align*}
\text{\textcolor{red}{4}} & \text{\textcolor{red}{4}} \\
\frac{3}{4} & \text{ or } \frac{9}{4} & \text{ or } \frac{9}{4} \\
\end{align*}
\]

The upper number tells us the number of beats in a measure.

\[
\begin{align*}
\frac{2}{4} & \text{ This means there are two beats in each measure.} \\
\frac{3}{4} & \text{ This means there are three beats in each measure.} \\
\frac{4}{4} & \text{ This means there are four beats in each measure.} \\
\end{align*}
\]

The lower number tells us the kind of a note that gets one beat.

\[
\begin{align*}
\frac{1}{4} & \text{ This means that a quarter note (\textcolor{red}{\text{\textbullet}}) gets one beat.} \\
\end{align*}
\]

STUDENT ASSIGNMENT

لطفا به سوالات زیر پاسخ دهید

1. How many beats are there in each measure of \[\frac{2}{4}\] ?

2. How many beats are there in each measure of \[\frac{3}{4}\] ?

3. How many beats are there in each measure of \[\frac{9}{4}\] ?

4. What note receives one beat in \[\frac{2}{4}\] ?

5. What note receives one beat in \[\frac{3}{4}\] ?

6. What note receives one beat in \[\frac{9}{4}\] ?

MEMORIZE: The top number always tells the number of beats in a measure. The bottom number always tells the kind of note that gets one beat.
Lesson 9

NOTE VALUES

Every note in music receives a certain number of beats. The lower number in the time signature determines the value of each note.

When the lower number of the time signature is 4, the quarter note (\(\frac{1}{4}\)) receives one beat, the half note (\(\frac{1}{2}\)) receives two beats, and the whole note (\(\frac{1}{1}\)) receives four beats.

The beats may be written under the notes like this:

\[
\begin{align*}
\text{quarter note} & \quad \text{half note} & \quad \text{whole note} \\
\begin{array}{llll}
1 & 2 & 3 & 4 \\
1 & 2 & 3 & 4 \\
1 & 2 \\
\end{array}
\end{align*}
\]

The numbers connected by a dash apply to the same note and should be counted in a continuous sound.

STUDENT ASSIGNMENT

لطفاً به سوالات زیر پاسخ دهید

1. Practice counting the following exercise aloud while tapping each beat with your fingers evenly and steadily. Don't forget about the dash between numbers.

2. Write the beats under each note in the following exercise.

3. Draw the missing bar lines in the following exercise and write the beats.

MEMORIZE: When the lower number of the time signature is 4,
the note values are: \(\frac{1}{4}\) = 1 beat; \(\frac{1}{2}\) = 2 beats; \(\frac{1}{1}\) = 4 beats.
Lesson 10 (Review)

STUDENT ASSIGNMENT

Write the beats under each note in Ex.1 & 2. Count aloud as you tap your foot for each beat, then sing with letter names or syllables.

Draw in the missing bar lines in Ex.3 & 4. Then write the beats - Count - Tap - Sing.

Place the correct time signature in Ex.5 & 6. Then write the beats - Count - Tap - Sing.

Using d or d or  fill in each measure in Ex.7 & 8. Then write the beats and count the time.

Lesson 11

REST VALUES

For each note value in music there is an equal rest value. The time signature determines the value of each note or rest.

When the lower number of the time signature is "4", the quarter rest (\( \frac{1}{4} \)) receives one beat, the half rest (\( \frac{1}{2} \)) receives two beats and the whole rest (\( \frac{1}{1} \)) receives four beats. Note that the half rest (\( \frac{1}{2} \)) is above the line and the whole rest (\( \frac{1}{1} \)) is below it.

The beats may be written under the rests like this: (\( R = \text{rest} \))

\[
\begin{align*}
\text{or } & \quad \begin{array}{c}
\text{or } \\
\text{or } \\
\text{or } \\
\end{array} \\
\end{align*}
\]

The R's connected by a dash apply to the same rest and should be counted in a continuous sound.

STUDENT ASSIGNMENT

لطفا به سوالات زیر پاسخ نهایی دهید

1. Practice counting the following exercise aloud while tapping your foot evenly and steadily. Don't forget about the dash between the R's.

\[
\begin{align*}
1 & - 2 & - 3 & - 4 \\
R & - R & - R & - R & 1 & - 2 & R & - R & R & 2
\end{align*}
\]

2. Write the beats under each note and rest in the following exercise.

\[
\begin{align*}
\text{or } \\
\text{or } \\
\text{or } \\
\text{or } \\
\end{align*}
\]

3. How many half rests equal a whole rest? 

4. How many quarter rests equal a whole rest? 

5. How many quarter rests equal a half rest? 

MEMORIZE: A whole rest equals a whole note. A half rest equals a half note. A quarter rest equals a quarter note.

Lesson 13

**DOTTED NOTES**

A Dot (•) may be added to any note used in music. The Dot (•) is equal to one half of the value of the note it follows.

Example:-

A whole note (♩) receives 4 beats. The dot (•) half of this or 2 beats. The two together receive 6 beats (♩• = 1-2-3-4-5-6).

A half note (♩) receives 2 beats. The dot (•) half of this or 1 beat. The two together receive 3 beats (♩• = 1-2-3).

The beats under the dotted notes may be written like this:

```
1-2-3-4-5-6  1-2-3
```

STUDENT ASSIGNMENT

لطفا به سوالات زیر پاسخ دهید

1. How many half notes equal one dotted whole note? _______

2. How many quarter notes equal one dotted half note? _______

3. Practice counting the following exercise aloud while tapping your foot steadily. Don't forget the dash between the numbers and rests.

```
1-2-3-4-5-6  1-2-3 4-5-6  1-2-3-4-5-6  1-2-3 4-5-6  1-2-3-4-5-6
```

4. Write the beats under each note and rest in the following exercise.

```
<table>
<thead>
<tr>
<th>♩</th>
<th>♩</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-2-3-4-5-6</td>
<td>1-2-3-4-5-6</td>
</tr>
</tbody>
</table>
```

MEMORIZE: A dot after any note is equal to one half the value of the note.

Draw in the missing bar lines in Ex.3 & 4. Then write the beats—Count and Sing.

Place the correct time signature in Ex.5 & 6. Then write the beats—Count and Sing.

Using fill in Ex.7 & 8. Then write the beats below and count time.
Lesson 15

LEGER LINES

Leger lines are very short lines added above or below the staff. Notes may be written on these leger lines or in the spaces between the lines.

This note is one leger line above the staff

This note is one space above the staff

This note is one leger line below the staff

This note is one space below the staff

The names of these added lines and spaces are:

Below are all the notes that you have learned so far.

Lesson 17

THE REPEAT SIGN
FIRST and SECOND ENDINGS

A repeat sign consists of two dots placed before or after a double bar. It indicates that the music enclosed by these signs is to be repeated.

Sometimes this same sign means to go back to the beginning of that particular strain, like this.

A repeated strain is often marked with a first and second ending. In this case play the 1st ending the first time - repeat the strain then skip the 1st ending and play the 2nd ending.

STUDENT ASSIGNMENT

لطفا به سوالات زیر پاسخ دهید

1. Which measure is played after measure 4 the first time?
2. Which measure is played before measure 5 the second time?

1. Which measure is played after measure number 4?
2. Which measure is played before measure number 5?

MEMORIZE: Play the 1st ending the 1st time, repeat, skip the 1st ending the second time and play the 2nd ending.
Lesson 18

THE TIE

A curved line (— or —) connecting two or more notes on the same line or space is called a tie. The following examples are ties with the beats written below.

\[
\begin{align*}
&\begin{array}{c}
\text{1-2-3-4} \\
\text{1-2-3 R}
\end{array} & \\
&\begin{array}{c}
\text{1-2-3-4} \\
\text{1-2-3 R}
\end{array} & \\
&\begin{array}{c}
\text{1-2-3-4}
\end{array}
\end{align*}
\]

Ties can also cross a bar line joining a note in one measure to a note in the next measure like the following example:

\[
\begin{align*}
&\begin{array}{c}
\text{1-2 3 - 1 R 3} \\
\text{1 2 - 3 - 1 R R}
\end{array} & \\
&\begin{array}{c}
\text{1-2 3 - 1 2 3 - 1 2 3 -}
\end{array}
\end{align*}
\]

Always think of holding the first note through all of the notes that are tied together.

Example:— This tone \(\text{\} }\) is held for 3 beats — this one \(\text{\} }\) is held for 2 beats and this one \(\text{\} }\) is held for 4 beats.

STUDENT ASSIGNMENT

لطفا به سوالات زیر پاسخ دهید

With a time signature of \(\frac{3}{4}\):

1. How many beats will this tone \(\text{\} }\) receive? _________

2. How many beats will this tone \(\text{\} }\) receive? _________

3. How many beats will this tone \(\text{\} }\) receive? _________

4. How many beats will this tone \(\text{\} }\) receive? _________

5. How many beats will this tone \(\text{\} }\) receive? _________

6. How many beats will this tone \(\text{\} }\) receive? _________

7. Write the beats under each note and rest in the following exercise.

\[
\begin{align*}
&\begin{array}{c}
\text{\} } \\
\text{\} } \\
\text{\} } \\
\text{\} } \\
\text{\} } \\
\text{\} }
\end{array}
\end{align*}
\]

MEMORIZE: Tied notes are always on the same line or space.
Lesson 19

**THE SLUR**

A curved line (— or —) connecting two or more notes on different lines or spaces is called a slur. The following examples are slurs with the beats written below.

![Musical notation example with slurs and beats]

Notice that slurs can also cross bar lines.

Think of playing as smooth as possible, without any stop or interruption between any of the notes within a slur.

![Musical notation example with slurs and beats]

Remember—the dash between numbers means to count with a continuous sound.

**STUDENT ASSIGNMENT**

2. A curved line used to connect notes on the same line or space is called a _________

3. In the song "Long, Long Ago" (below) how many slurs are used? _________

4. In the song "Long, Long Ago" how many ties are used? _________

5. Write the beats under each note and rest in "Long, Long Ago".

Long, Long Ago
