PERSIAN ARTS & CULTURAL COMMUNITIES

Persian Arts & Cultural Communities "PACC" was first founded February 2015 in Rockville MD. PACC was established by a group of artists, musicians and art enthusiast targeting Iranian communities. We practice our cultural activities (music, art and literature) a favorite alternative for Iranian immigrants applying Persian arts & music as a therapy and healing experience.

PACC also educate, promote and preserve the Persian cultural heritage, through innovative collaboration with the local musicians, artists, poets and writers of Persian & multicultural communities as well as Media, colleges and universities in the Washington metropolitan area.

Starting in May, 2017, our Music Workshops (Tasnif Khani - کارگاه هنر) have been divided into "Monthly Sessions", with each session dedicated to one "Persian Dastgah"- دستگاه, allowing more time to study the basics, and review important characteristics of each Dastgah موسیقی ایرانی شناخت نظری و عملی دستگاه. In the process of music workshops, the basics of **music theory** and **Solfage** including **ear training** in general and Persian Dastgahs, improvisation and composition will continuously follow. One or two classes in each month, will be dedicated to Poetry workshops (زبان و زیبایی شناسی شعر) continuing with Music. We encourage everyone to attend both to experience the full effect.

In addition to music and poetry workshops there will be other complementary practices such as Daf, Solfage and arts each month to follow the (Tasnif Khani - تصنیف خوانی)
